Razorgun RMG 19 PRO ensures:

- safety of you and your relatives,
- no direct contact with the attacker,
- realistic look,
- one container with pepper gas is enough to make approx. 9 shots.

Using the Razorgun RMG 19 PRO

In case of emergency pull the gun from the holster, unlock it and press the trigger with a firm motion, this will release the gas into the attacker's direction. Make sure you are pointing the gas in the correct direction. Effective gas range is 3 meters and the minimum distance is approx. 0,5m.

If you accidentally get into the gas cloud, it is advised to rinse eyes and stay in the open air for about 30 minutes. Please keep Razorgun RMG 19 PRO out of reach of children. Make a use of the Razorgun RMG 19 PRO only in case of emergency and danger (self defence).

Rmg 19 Pro Safe Handling

The Razorgun RMG 19 PRO is equipped with two safeties which are located on the gun body. First safety is located above the trigger (1). If you want to lock the trigger—move the safety forward. Moving the safety in the opposite direction , unlocks the trigger—the gun is ready to use now. Second safety was placed by the manufacturer under the barrel (2). If you want to lock the gun, move the safety in

Razorgun RMG 19 PRO ensures:
